

SNH celebrates Mother's Day

For the 18th consecutive year, women of the National Hydrocarbons Corporation (SNH) were fêted as mothers on May 25 at the head office in Yaoundé, and in Douala too, where SNH mums celebrated with their TRADEX and Hydrac counterparts. The theme for this year's celebrations was «A tribute to the African Mother».

Mother's Day celebration was instituted in SNH in 2001 by the Executive General Manager, Adolphe Moudiki, in a bid to foster social cohesion within the company, by exalting the role of women, who must reconcile their professional and family obligations. It is also the occasion to provide female workers with an opportunity for self-fulfillment, through various recreational activities, and permit them to reveal their extra professional talents.
